I have much pleasure in stating that Dr D S Puttanna acted as one of my Clinical Assistants for several months at All Saints' Hospital for Genito-Urinary Diseases, Victoria, London, S W

During the time he worked with me he was most painstaking and keen to gain information and practical knowledge

No one could be more regular in his attendance, and he was most popular with the patients

The large practical experience which he gained while working with me in Genito-Urinary Diseases - more especially in Cystoscopic and Urethroscopic work is bound to make him conversant with this special branch of Surgery

I always found him a most desirable colleague to work with and he has my best wishes for his future success

Esteemed Sir,

I furnished the courses on Advanced Pathology and Genito Urinary Surgery prescribed by Government In order that I may not fritter away my precious time here until the receipt of order of sanction of extension of Scholarship prayed for, I have in full anticipation of extension of Scholarship by Government, joined the Royal College of Surgeons in Ireland recently and am pursuing the prescribed courses for the F R C S with all due deligence

Since leaving Home I have paid nearly £150/- towards fees, alone not to say anything of the expenses I have incurred for Books Instruments, Boarding and Lodging which amount to nearly double that amount I need hardly say how very handicapped I am for want of funds in a foreign land as I have exhausted almost all my resources I therefore most humbly beg to request you to be graciously pleased to consider my prayer for extension of Scholarship favorably and at early opportunity if possible for which act of Kindness I shall ever be grateful to you

I beg to enclose for your Kind and favorable perusal copies

of two testimonials I recently obtained for some of the courses I pursued some time back

With feelings of gratitude,

I beg to remain,

Esteemed Sir,

Your most obedient and humble Servant,
